Employment

103 (average company employed from 200-2015)
While estimates vary, it is conservatively projected that for every basic job in the mining company, about four (4) ancillary and indirect jobs may be generated in the upstream and downstream sectors.

The emergence of small enterprises/businesses in the host and neighboring communities due to the presence of mining operations in the area, and the livelihood projects supported by the mining companies, which generate both employment and income, cannot be discounted. These economic activities will naturally stimulate the local economy.

Environmental Protection and Management

The Philippine government ensures the adequate protection of the environment, before, during mining operations and beyond the life of the mine.

Social Development and Management Program

Php 1.7 Million (as of December 2016)
Amount spent by the company for the development of its host and neighboring communities through the approved Social Development and Management Program (SDMP). Seven (7) barangays stand to benefit from the implementation of its approved SDMP.
